

**St Helena's Church of England Primary School
PE and Sports Premium
2019/20 Achievements and 2020/21 Plan**

What is the PE and Sport Premium?

The PE and Sport Premium is an additional layer of funding received by schools. It is ring-fenced so can only be spent on improving the quality and breadth of PE and School Sport. It has been doubled to support schools to implement the government's Obesity Strategy and to support the health and wellbeing of all young people in the school.

How much does our school receive?

There is now a total grant of £16,000 plus £10 per child on roll. We receive this each academic year until 2021. The grant comes from 3 government departments: Education, Health and Culture, Media and Sport

Key achievements to date until July 2020:	Areas for further improvement and baseline evidence of need:
<p>At St Helena's CE Primary School we received £17,120 for the last academic year to spend on Sports and Physical Activity. The success of the year was somewhat curtailed by the pandemic and the Summer term is always traditionally our best term for children going out and about to inter-school festivals and competitions.</p> <p>During 2019/20 our overall aim was to broaden children's experiences and for them to enjoy success in sports competitions. We used the sport premium to ensure all our staff were confident delivering every aspect of physical activity, improving children's skills and increasing out of school participation; this will continue throughout this academic year too.</p> <p>The funding allowed for the continued use of specialist PE teachers and support from JB Coaching. (www.jbsportcoaching.co.uk/services) They have a deep understanding of sports across the primary age, demonstrating differentiated and progressive sessions where children are physically active over 95% of the time in every session.</p> <p>We have also been fortunate to employ a Sports Apprentice this year who enriched the provision across the school day, was an active role model to all our young people and delivered many sports during out-of-hours childcare hubs. We are very proud of the fact that he has gone on to Sheffield Hallam University to study Sports Science following the successful completion of his apprenticeship</p>	<ul style="list-style-type: none"> • Build on the children's "Lockdown" experiences and celebrate how they spent their time playing, exercising, enjoying the outdoors and staying well • Further develop the curriculum, with the support of JB Sports company in order to improve Post Lockdown teaching, learning and the commitment to daily exercise and outdoor fun • Continue to target activities for the least active children such as change4life clubs and inter-school festivals • Work towards achieving the Gold School Games Mark 2020/21 again
