Pupil Premium Spending 2014/15

We endeavour to support all our children academically, socially, emotionally and physically. We do this by providing the best quality teaching, carefully matched interventions, engaging resources and learning spaces that we can. This is evaluated regularly by staff and governors through lesson observations, work scrutinies and pupil progress meetings. As always, we focus on what is working well and what needs to improve to ensure all children make good progress throughout the year.

The nature of support 2014/15

Pupil Premium amounts to £45,600 this year.

Nature of support	Proposed impact	Cost
To provide 1:1 tuition with a teacher for our oldest pupils	Children will develop enjoyment of and confidence in reading and writing in preparation for their secondary school	£7050
To increase teaching staff allowing for smaller learning groups across the school from September 2014	Children develop reading and writing skills to allow them to access the full curriculum at least in line with non-pupil premium children	£20,750
To facilitate subsidised places for Pupil Premium children: At Breakfast Club and the after school Home Learning Hub, On Educational Visits	Children will have opportunities for life experiences and skills to develop their confidence academically and socially	£2600
To increase teaching assistant support for timely and personalised learning interventions across the school	Children consolidate phonics, reading and writing skills to allow them to access the full curriculum at least in line with non-pupil premium children	£11,000
To fund external support agencies to work with families	Children will have the opportunity to talk over their worries and learn strategies to develop their self-esteem and gain a deeper understanding of relationships	£7900
To extend and enrich the resources for Literacy and Numeracy including a new Spelling programme	Children will enjoy the up-to-date resources in school and on-line at home to improve and practice their basic skills	£2000
To ensure all children take advantage of extra-curricular visits and learning opportunities	Children will benefit from and be inspired by an enriched curriculum, learning more about the world beyond our rural locality	£1750
