### St Helena's Church of England Primary School

### Pupil Premium Spending 2015/16

We endeavour to support all our children academically, socially, emotionally and physically. We do this by providing the best quality teaching, carefully matched interventions, engaging resources and learning spaces that we can. This is evaluated regularly by staff and governors through lesson observations, work scrutinies and pupil progress meetings. As always, we focus on what is working well and what needs to improve to ensure all children maximise their potential and make expected progress throughout the year.

## The nature of support 2015/16

Pupil Premium amounted to £52,800 (plus £720 Carry forward from 2014/15) over the 2015/16 financial year.

Nature of support  To increase teaching staff allowing for smaller learning groups across the school from September 2015  To draw upon the expertise of an experienced Special Needs coordinator one day a week  To facilitate subsidised places for Pupil Premium children on Educational Visits  To increase teaching assistant support for timely and personalised learning interventions across the school  To fund external support agencies to work with families  To extend and enrich the resources for Literacy and Numeracy including home/school use of an ipad technology for Y5/6  Daily milk drink for PP children  To increase teaching staff allowing skills to allow them to access the full curriculum at least in line with non-pupil premium children to Access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at least in line with non-pupil premium children to access the full curriculum at lea
