St Helena's COFE Primary School List of websites and programmes to use at home.

Purple Mash	Our Computing software that we use. The children can log in using their usernames and passwords and use the site to explore computing opportunities such as games design, coding and animating their own stories/films! Some work will be set on here should children wish for specific activities. There is a range of programmes including free versions of word processers, power points and publishers free to use and save their work. A really fantastic free resource! Make sure you type in the link exactly to ensure you find our school portal, otherwise	<u>https://www.purplemash.com/sch/sthelemash.com/sch/sthelema</u>
	the usernames will not work.	
SPAG.com	The spelling and grammar resource used by year 5 and 6. The children will be set all of the activities, papers and quizzes for their respective year groups to work through and revise.	<u>https://www.spag.co</u> <u>m/</u>
My Maths	Children in Years 3-6 have all been sent home	https://login.mymat
	with a letter with the school and their	<u>hs.co.uk/</u>
	individual logins. Teachers will be setting	
	individual children work to be completed. Each	
	piece of work come with a lesson to support	
	followed by an activity. This will be previously	
	taught content, not new parts of the	
	curriculum. A really fantastic and structured	
	resource that can be accessed on a phone,	
	home computer, tablet and even some games consoles!	
Times Table	Our famous times table fluency app/website	https://ttrockstars.
Rock stars	that is accessible by all. A great, competitive	<u>com/</u>
	way to secure/revise times tables. Watch out	
	upper school, you may find a challenge beyond	
	the 12 times tables! Tournaments will be set up	
	to keep children engaged.	
	Make sure when at home, when finding the school, you put in our postcode LN13 9NH and	
	selected the version with CofE/Church of	
	England in the title, as the other is not our	
	school and therefore cannot be accessed by	
	the children's logins.	
BBC Bitesize	Simply select your child's key stage and	https://www.bbc.co.
	country (it is important you select England as	uk/bitesize/primary
	there are different curriculum objectives for	
	the other UK countries) and access a range of	
	games, activities and revision exercises for	
	EVERY curriculum area.	

St Helena's COFE Primary School List of websites and programmes to use at home.

	1 3	
Top Marks	A fab maths/spelling website online (totally free). Just input the children's year group/phase when asked and children are free to practice all elements of maths in a host of activities (and fab games!). We already use in school for our Daily 10. No login needed! A host of advice for parents and home educators on the site also.	https://www.topmar ks.co.uk/
Spongyeleph ant.com	A page containing a range of links to websites and learning resources, many of which are free. Have a look through.	<u>https://www.spongy</u> <u>elephant.com/primar</u> <u>ypupils/</u>
Pobble 365	A website dedicated to present powerful images from photographers around the world. A new image for every day of the year! A fantastic stimulus for some free writing or art work.	http://www.pobble3 65.com/
U R Brainy	A free maths resource for practicing fluency in times tables. Miss Garrill has already shown this to Year 3 and 4 to support them with learning and practicing their times tables.	<u>https://urbrainy.co</u> <u>m/mtc</u>
Just Dance Now	Completely Free! If your children are a fan of dancing or using Just Dance, you can turn your smartphone into a Wii-style remote! Just download the app onto a phone and open the just dance page on an iPad/computer and play Just Dance completely free - with over 1000 songs ready to go! Perfect for some daily exercise and challenging siblings/parents to get their dance moves out!	<u>https://justdanceno</u> <u>w.com/</u>
EYFS, KS2, KS2 Packs	TTS have released from free, downloadable packs from their website. Just select your child's phase and download a free pack to complete at home. They include a range of awesome activities including learning sign language! Totally free and no account needed. They can be printed or worked through digitally.	<u>https://www.tts-</u> <u>group.co.uk/home+le</u> <u>arning+activities.htm</u> <u>1</u>
Phonics Play Free Parents Access	Parents ok EYFS and KS1 children: Phonics Play are offering free accounts to set your children work and games coving the phonics curriculum. This will be a fantastic way to continue practicing at home and the games are super fun!	<u>https://www.phonics</u> <u>play.co.uk/</u>
