

2020/21 Recovery Curriculum PRIORITIES (incorporating **Catch up Premium spending £10480 and **LA intervention funding £10,000**)
To re-engage, inspire and challenge all our children**

Guidance taken from EEF’s school support planning document - tiered approach 2020-21

September 2020/**March 2021** observations of learners show that in:

EYFS – Early Language skills are lacking, speaking clearly and in sentences under-developed/**letter formation, writing simple sentences, number bonds to 10**

KS1 – Phonological knowledge is relatively secure however letter formation and transcriptional skills for writing are lacking/**writing stamina, number bonds to 20**

KS2 – learners are dependent upon adults, unused to independent thinking/reasoning and problem solving, lacking in challenge, unused to having to remember, recall and transfer learning, unused to following instructions, lacking in stamina/discipline to get to the end of a day/**fractions, decimals and %, writing stamina**

Y3/4 – Real casualties of the Lockdown and then a second partial Lockdown – social and emotional anxiety, loss of routine, boundaries, self-discipline/**motivation, four calculation operations, writing stamina and presentation, spelling**
