Our School Vision

Opening minds, widening horizons, developing a better world.

We seek to reveal and develop the talents of everyone, so that we may flourish and become the valued and valuable person God intended us to be. We work towards every member of our school community being happy, confident, committed learners, reaching their full academic potential. We strive to open minds, widen horizons and develop a better world. We do this by providing a foundation of strong moral and social values, ensuring all can play an active, responsible role within the community.

"I have come that they may have life, and have it to the full."

John 10:10

I hope everyone had a relaxing half-term break and enjoyed some well-deserved time with family and friends. It's fantastic to see the children back, diving into their learning with such positive energy and enthusiasm. Walking through the classrooms, I'm continually inspired by the focus and excitement the children bring to each lesson—it truly makes our school a special place.

A huge thank you goes to the PTA for organising our recent school disco. With over 100 children attending, it was a wonderful evening filled with fun and laughter! Thanks to the fantastic support from families, the funds raised will go directly back into supporting our school and enhancing educational opportunities for the children.

We also have some bittersweet news: our wonderful bursar will be leaving, with her last day being Friday, 15th November. Her dedication, professionalism, and warm presence have been invaluable to our school community, and her work has left a lasting impact on both staff and children. While she will be greatly missed, we wish her every success and happiness in her next role.

Next week, children will bring home curriculum knowledge organisers. Please use these as valuable resources to reinforce learning at home, which will be a big support in their schoolwork.

Thank you all for your continued support—here's to a fantastic term ahead!
